

HANDCRAFTED LUXURY ROOTED IN NATURE

2023-2024 COLLECTION

CORC | YOGA

By Cortica Republic

OUR STORY

The Corc Yoga story began where many of life's best journeys start, with adventure. Traveling through Portugal, Corc Yoga founder Christine Moghadam discovered the beauty of one of the country's most bountiful resources, the cork tree. With over a third of the world's two million hectares of cork forest-grown right in Portugal, the cork oak is a deeply rooted symbol of sustainability, prosperity and regeneration. The tree's immense ties to Portugal's culture sparked excitement in Christine to make use of the material in a way that gave back to local communities. After connecting with a third-generation cork developer and partnering with a century-old factory, all that was left to do was create. Christine's debut product, a yoga mat, laid the foundation for the Corc Yoga story.

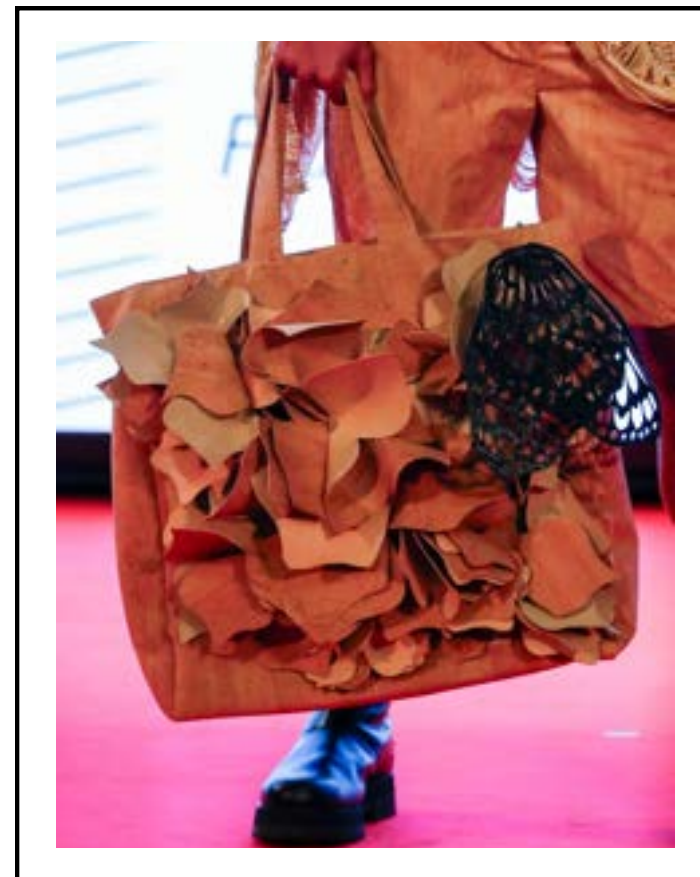

OUR MISSION

With our dedication to sustainability, we do our best to make sure we only work with local family owned producers who responsibly source the highest quality cork on the planet from the forests of Portugal. Our mission is to make a positive impact in the environment, in our local communities, provide jobs and make a difference in a person's mental and physical well-being globally. We are committed to providing ecological solutions to designers and properties around the world while supporting sustainable practices, fair wages, and a clean environment.

SUSTAINABLE FASHION

Our cork was the star of the 78th Mercedes Benz Fashion Week Madrid, September 2023.
Designer Maria Lafuente joined forces with Corc Yoga to create the world's first fashion collection
made of sustainable cork

THE WORLD'S FIRST 100% CORK YOGA MAT

Made in Portugal

ULTRA SUSTAINABLE

Our products are made with renewable, and biodegradable cork – in fact, each harvest of cork tree contributes to the life and longevity of the tree.

NON-SLIP GRIP

Thanks to cork's honeycomb structure, our mats are naturally non-slip. The grip actually increases as you sweat, making it suitable for all types of yoga.

RESISTANT TO MOISTURE

The suberian wax found in the cell walls of cork makes it impermeable to liquids and resistant to moisture for a longer and stronger life.

CHEMICAL FREE

Our products are chemical free and do not contain heavy metals or harsh hormone-disrupt ion materials such as PVC or latex

THOUGHTFULLY DESIGNED

Every Corc Yoga mat is handmade and no two are alike.

HYPOALLERGENIC & ANTIMICROBIAL

Cork is naturally resistant to dust & mites making it an ideal material for those who suffer from allergies and asthma.

MAKE IT YOURS

At an added value, we will include your logo or company mantra using energy efficient & non-chemical printing.

GIVING BACK

We are passionate about improving the state of mental health in teens & young adults in Portugal and abroad. For every product sold, we donate five percent of every sale to our mental health partner: Desavio Jovem organization in Portugal. These donations directly benefit those who struggle with mental health & their families by providing educational tools and resources.

LET'S WORK TOGETHER

Whatever is on your mind, we are here to make your cork dreams a reality. Behind each product there is a story. We are proud to say it is a story where good works, ethics and sustainability come first. We believe change starts here. Join us.
